

The WSU GeoAnalytical Lab: Elemental analysis of inorganic Earth materials

J.A. Wolff, Director; jawolff@wsu.edu

**Associated faculty: P.B. Larson, J.D. Vervoort,
J. Hammerli (arr. F2021)**

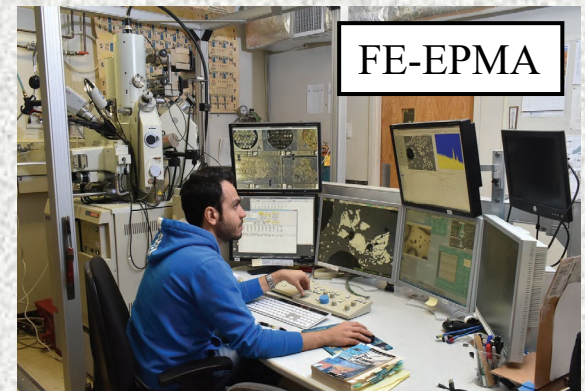

**Research associates: Scott Boroughs, Ashley Steiner,
Arron Steiner**

Technical staff: Charles Knaack

Equipment

- Three X-ray fluorescence (XRF) spectrometers
- Field emission electron probe micro-analyzer (EPMA)
- Two inductively-coupled plasma source mass spectrometers (ICP-MS)
- Two laser ablation cells
- Fully equipped support labs (sample preparation)
