

Charge - Faculty and Student Engagement/Productivity Subgroup

- Overall strategy: Develop goals and strategies for enhancing professional development of WSU faculty and trainees, in areas key to advancing WSU research, scholarly and creativity activity. Include items such as recruitment and retention issues, mentoring and training, and recognition.
- AAU metrics: Develop specific goals, strategies and recommendations aimed at increasing faculty and trainee recognition and productivity as measured by AAU Phase 1 and Phase 2 Indicators, and possibly broader indicators.

Charge - Faculty and Student Engagement/Productivity Subgroup (cont'd)

- Faculty: Identify goals and strategies for recruitment, professional development and retention of the best faculty, and for marketing faculty strengths and successes to external constituencies, including funders and professional societies, and others who confer major awards/recognition.
- Postdocs and students: Develop goals and strategies for recruitment, professional development, and career placement of WSU postdocs, graduate students, and undergraduate students.
- Identify metrics necessary for generating recommendations:
Following data collection, generate a series of recommendations.
